**Have you seen our New Recycle Station and help us with our Piazza outside.**

During the year the OSHC children have developed their OSHC garden bed, planted seedlings and created a vertical garden for Vegetables, Herbs and Succulents. In Term 4 we would like OSHC children and families to contribute ideas and suggestions for an outdoor Piazza outside the OSHC room near the Preschool. This would be especially good during the Summer months for snack time, board games and activities. See the design board and write your suggestion on the post-it note.
